

## **World Sight Day**

Every year, second Thursday of October is celebrated as World Sight Day. ESO always contributes to the society's eye care needs in its own way on this occasion. Competitions and Awareness sessions for the school students was this year's highlight.

Slogan Writing and Quiz competition were held for the school students. Letters were sent to the schools. Winners of the slogan competition will lead an Eye care awareness rally. 1285 students from 12 schools participated in the Quiz competition and 14 of them were declared winners.

Awareness talk was given to 3200 students of 7 schools on the occasion of WSD. Information about various eye ailments and taking care of their eyes were taught to the school students through a power point presentation. All the school teachers felt that the session was an eye opener.
