

# A CHILD'S VISION

Let it be our

# LIFE'S MISSION!

Uncorrected refractive errors (need for glasses), are the second main reason for avoidable blindness. Providing spectacles is the simplest solution to eliminate it.

Vision screening in school children is extremely important for early detection of eye problems.

## AVERAGE COST OF ONE

S No	Details	Amount (INR)	Amount (USD)
1	Spectacle	Rs. 500/-	10
2	School eye screening camp In Chennai	Rs. 5000/-	95
3	School eye screening camp Outside Chennai	Rs. 8000/-	150

**BE A PART OF THE CHILDHOOD BLINDNESS  
PREVENTION INITIATIVE**
