

ESO at ResMeet'24!

ResMeet'24 was the 4th Virtual Optometry and Vision Science research meeting conducted by India Vision Institute on October 25-26, 2024. The theme of this meeting was centered on Connecting the Dots in "Patient Care – Education – Research – Product Development".

Ms. Kalaiyarasi D, a M. Optom student along with Ms Sneha K, Ms Sneha Gupta, Ms Swetha S, Mr Raghul Prabhu and Ms Madhumitha D, Optometry Interns from Elite School of Optometry participated in the conference. There were three oral presentations and two poster presentations made by the students on various fields of optometry. All the students received great feedback and comments from the evaluators and other delegates.

Ms Kalaiyarasi D, a final year M. Optom student received the 'Best Poster' award for her poster on the topic, "**Are the National Programs in India contributing to achieving the Global Targets of Effective Refractive Error Coverage by 2030?**" The evaluator really appreciated the student's effort for taking up and presenting such important work.

Here are a few glimpses from the conference!
